

Allergens & Sulfites

Nutritional Information

We at Denny's realize that an ever increasing number of our guests need to know if certain food ingredients are in our foods, i.e. they may be sensitive to MSG or may have a severe life threatening allergy to peanuts. We are providing this information to all of our guests that request it so that they may make informed choices prior to ordering.

These listings are based on information provided by product vendors and specifications, and may not be all inclusive. Please be aware that vendors and product formulations may change. Also, some locations may use different vendors or local vendors. If necessary, product labels are available. This list is updated periodically. For further information, please call Denny's Nutrition Consultant at 864-597-7396.

To designate type of fish or nut allergen in food item, the following code will be used in lieu of the "X":

Fish/Shellfish

- A = Anchovies
- C = Cod fish
- CL = Clams
- H= Haddock
- S = Shrimp
- T = Tilapia

Tree Nuts/Peanuts

- A = Almonds
- B = Brazil Nut ♦
- C = Cashew ♦
- P = Peanut ♦
- PC = Pecans ♦
- W = Walnuts ♦

♦ designates a variety of nuts are present in food item.
